

DRAMATIS PERSONAE

KURT (20s)

A nervous young man. Gangly. Messy hair. Not a serial killer.

CAROLINE (20s)

A young woman. Pretty. Self-possessed. Long hair, hidden underneath a beanie.

FYODOR (30s)

A slightly older man. Eastern European, with an accent to match. Creepy, and pale. A serial killer.

WENDELL (20s)

Seems younger than he is. Moon-faced. Very clean cut. A serial killer.

GREG (20s)

A bro, through and through. Gregarious. A serial killer.

YOUNG WOMAN (20s)

Very pretty. Soon-to-be dead.

PRODUCTION NOTE

I suggest that you double Caroline and the Young Woman. We do not need to see the latter's face, and with a simple wig/costume change, the audience might not even notice. But even if they do, there's a certain dramatic irony there that the smarter ones will appreciate.

A backslash ("/") indicates overlapping dialogue.
